

# NEW BASE BALL LEAGUE OPENS THIRD BIG WAR

Eight Clubs Of National League and Three Of American Combine  
**BREAKUP INEVITABLE**  
Effort Made By Both Sides To Get Support Of Minors.

Chicago, Nov. 9.—Baseball's third big war is on in earnest today. Combatants are marshalling their forces for the first skirmishes of what is declared will be a fight to the finish.

The first brush of the conflict, following the declaration of war when eight clubs of the National league and three of the American league decided late yesterday to proceed with the organization of a new 12 club major league to be governed in accordance with the Laskar plan is to take place at Kansas City today. Each side is maneuvering for the advantage.

A committee from the new National league body consisting of Garry Herrmann, of Cincinnati, Barney Dreyfuss, of Pittsburgh, Charles H. Ebbetts, of Brooklyn and Colonel Jacob Ruppert, of the New York Americans is enroute to Kansas City today to submit to the minor league moguls the proposals upon which the new organization will bid for minor league support. Ban Johnson and his followers likewise have sent emissaries to Kansas City to seek the support of the minors.

Landis Suggested.

While the warring magnates are seeking to bring about an alliance with the smaller leagues, Judge K. M. Landis of this city, has under consideration an offer to become head of organized baseball at a salary of \$50,000 per year. He has been offered a seven year contract. Except to state that he considers the offer an honor and to say emphatically that he has not declined, Judge Landis has not indicated what his decision will be.

There is much speculation today as to what city will make the 12th of the dozen club league which has been formed. The New York, Chicago, Philadelphia, Cincinnati, Pittsburgh, St. Louis, Boston and Brooklyn National league clubs and the Chicago, New York and Boston American league clubs are charter members of the new organization. It is announced the door will be held open for a "reasonable length of time" for one of the dissenting American league clubs to enter the new organization. The first one to apply will be admitted. If none of the "solid five" come in a twelfth club will be placed in some city that will not interfere with any minor league club.

# SENATE COMMITTEE CHANGES ITS PLANS

Marion, O., Nov. 9.—After Marion business men had made all arrangements to entertain today members of the United States senate reconstruction and production committee, Chairman William M. Calder, of New York, wired from Cleveland that owing to a change in plans the committee would go to Chicago and not come to Marion to investigate the housing situation. The fact that Senator Harding is not in Marion is believed to have something to do with the change in the committee's plans.

**DISTILLER IS FINED \$500.**

Athens, O., Nov. 9.—Planning a general round-up of whiskey distillers among the mining camps in Athens County and their prosecution under the Crabbe act, officials here put added zest into their campaign against the dry law violators when a confessed distiller was fined \$500 and costs. In the past \$200 has been the maximum fine imposed in such cases.

# GERMANY NOT TO ASK ADMITTANCE TO LEAGUE

Will Await Proposals Of Presena-elect Harding.

Paris, Nov. 9.—Germany has decided not to press for admittance into the League of Nations at the Geneva meeting beginning Nov. 15, but will await the proposals of President-elect Harding of the United States for a new association of powers, according to information in well informed diplomatic circles today.

A neutral diplomat was authority for the statement that this decision was prompted partly by fear that Germany's request for admission would be rejected and partly by a desire for closer cooperation with the United States.

So far Germany has not sought admittance to the League of Nations but it was understood that Sweden acting in behalf of Germany is ready to propose the immediate admittance of Germany. Sweden counted upon the support of Premier Lloyd George who has been showing an attitude toward Germany more lenient than that of France.

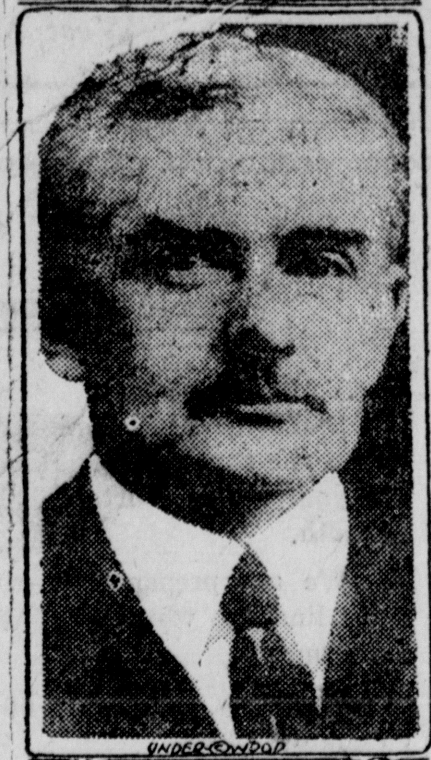

There are indications that Germany's decision is satisfactory to France.

The semi-official newspaper Temps has been urging the league not to admit Germany even if the Berlin government applied. This newspaper advocated delay on any German request until the attitude of the United States was finally determined which will be some months hence.

Among the nations seeking admission at the Geneva meeting are Finland, Bulgaria and China.

The Japanese delegation has arrived at Geneva but dispatches from that city say that Japanese are silent regarding their proposal for racial equality. Belief is growing in Paris that the Japanese will not press their demand for equality of races in view of the immigration negotiations now proceeding between Tokio and Washington.

# ASKED TO RESIGN BECAUSE OF SLUR AGAINST HARDING

Prof. William Estabrook Chancellor.

As a result of an attack on President-elect Harding during the recent campaign, Prof. Chancellor was asked by the board of trustees of Wooster (O.) college to resign from the faculty of that institution. Chancellor sent out letters touching on a scurrilous report that a negro woman figured in the Harding genealogy.

# FIND MISSING GIRL IN MANSFIELD IN ROOM OF HOUSE

Four Year Old Lass Spirited Away From Foster Parnets.

Mansfield, Nov. 9.—The crying of 4-year-old Levera Gost, in a room on College Terrace here today solved the mystery of her disappearance from Kokomo, Ind., several weeks ago, and resulted in her being returned to her grandfather, J. D. Elson, of that city, after she was alleged to have been kidnapped by her father, James Gost, and a woman who represented herself as "his friend."

"Other tenants in the building where the child had been left in the care of a guardian called the police today when her cries attracted their attention. Investigation disclosed that the girl had been spirited away from the home of her foster parents, Mr. and Mrs. Otis Nelson, in Kokomo, on Oct. 13 and brought to this city.

Gost, who was divorced by his wife, had been granted permission to see the child once a month, it is alleged, and it was after one of these visits to Kokomo that the child disappeared. She was restored to her grandfather today.

No trace of the father or his woman companion has been found.

# DIPHTHERIA CASES REPORTED IN COUNTY

Three cases of diphtheria have been reported in the county by Health Officer Grube. A member of the Bennett family at Jasper is suffering from the disease, the Middleton family of Wilmington pike has one case and another has been found at Yellow Springs.

The families that have cases of the disease have been put under strict quarantine, but there has not been any necessity for the schools being closed.

No cases have been found in Xenia of any contagious disease. One case of scarlet fever has been reported in Jamestown.

# BOY HUNTER KILLED.

McArthur, O., Nov. 9.—When on a hunting trip, Wesley Hopkins, 14 years old, accidentally shot and killed himself.

# LOWEST PRICE LEVEL ON MEN'S WEAR REACHED

Low Water Mark Now Set Is Word From New York.

**CHEAPER IN SPRING**  
Manufacturers Hopeful Of Lower Costs In Line For Spring Wear.

New York, Nov. 9.—Men's clothes may be cheaper in the spring, but present fall prices are at their lowest ebb and many retailers have been forced in order to keep their business operating to mark their wares down to cost in order to produce sales.

This situation is national, according to a canvass of large wholesale manufacturers of men's clothing today in New York City.

Some manufacturers hope, with lowered prices of woolen goods, and anticipated reduction in wages, to make good suits next spring that will retail at about \$35.

Others declared they will retail at not less than \$45 to \$50.

The men's clothing industry in New York City is practically at a standstill. About 40,000 workers, or seventy per cent of those normally employed, are idle.

Manufacturers usually busy at this time on spring goods have not begun spring production.

# POSSE AIDS SHERIFF IN CAPTURE OF ALLEGED BANDIT

Man Said To Have Shot Woman Is Under Arrest.

Akron, O., Nov. 9.—Homer Royer, who is alleged to have shot down Mrs. Clara Loomis at her home in Hudson Saturday, was captured by Sheriff Pat Hutchinson last night and lodged in the Summit county jail.

A posse of forty citizens from Hudson and surrounding territory aided the sheriff in the capture. Royer was armed with a repeating rifle which he is alleged to have stolen from a house in Darrowville. When surrounded in a swamp at Kent, he opened fire on the posse and for two hours held his pursuers at bay.

Royer was wounded in the leg and was weak from loss of blood when taken by the sheriff at the point of a pistol.

Arriving in Akron, a formal charge of shooting with intent to kill was lodged against Royer. He will be arraigned as soon as his condition improves sufficiently.

Mrs. Clara Loomis, the Hudson woman, called to the door Saturday and shot doubtless owes her life to the fact that she feigned death. Stunned by the bullet which entered her head over her left eye, she fell to the floor. The assailant believing he killed her, turned the weapon on her members of the family and backed out of the door. Physicians say that although Mrs. Loomis' condition is serious the chances are she will recover.

# ANNOUNCE PEACE ARMY OF AMERICA TO REACH 337,221

Reorganization Act Is Authority For New Skeleton Army.

Washington, November 9.—The new tactical peace-time organization of the regular army, based on the army reorganization bill passed at the last session of Congress, was announced by Secretary Newton D. Baker. It provides for one skeleton army in time of peace with a paper strength of 337,221 men.

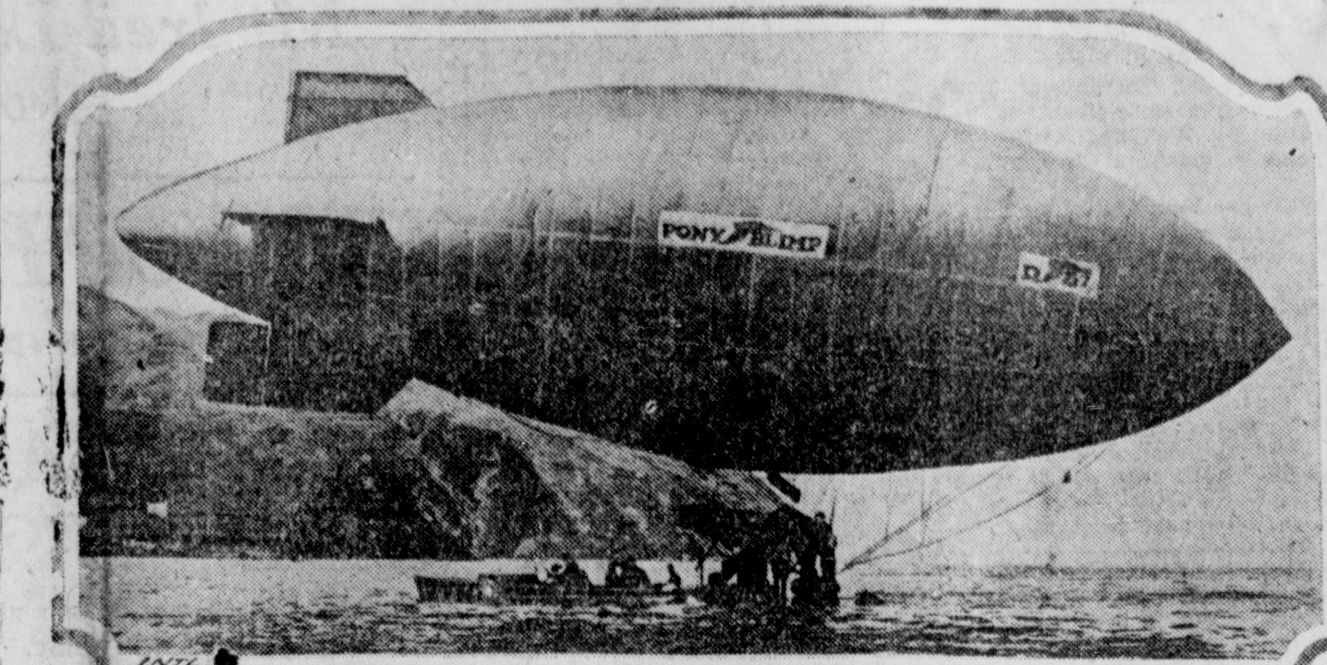

An army corps, under the new organization, will consist of 79,966 men, an infantry division of 19,385 men, a cavalry division of 6,417 men, an artillery brigade of 3,414 men and an infantry brigade of 6,153 men.

The act provides for the new organization dividing the country into nine corps areas, and in time of war or general mobilization this division would result in three armies, each of the tactical strength and organization announced.

As the peace-time strength of the regular army is only 280,000 men, Mr. Baker explained that the National Guard and organized reserve would fill the gaps.

# DIRIGIBLE PASSENGER SERVICE STARTS AT LOS ANGELES

The first dirigible passenger line has been established in Los Angeles, Cal. Week-end trips are being made between Los Angeles and Catalina, which require half an hour. Upon the arrival of the blimp at Catalina the passengers are treated to a thrill when the dirigible alights on the water to discharge and take on passengers and mail. It is the first time in the history of aviation that a lighter than air machine has alighted on water. It is done by means of water ballast and the passengers are transferred to a waiting motor boat. The photograph shows the pony blimp discharging passengers at Catalina.

# LARGE WHISKEY STOCKS MAY BE RELEASED BY SUPREME COURT RULING

Decision Taken To Mean Opening Gates To Vast Stores of Whiskey

Washington, Nov. 9.—The whiskey flood gates may be opened by the supreme court decision regarding whiskey held in storage.

Large stocks of the 50,000,000 gallons of whiskey remaining in bonded warehouses may be released by this decision, it was stated today. Certificates showing the holdings of whiskey in bonded warehouses, and an evidence of its ownership are apparently vitally affected. The court in passing upon a New York case did not deal specifically with the question of warehouse certificates but its view was made plain that whiskey owned and stored for personal use may be withdrawn and moved by the owner at his option.

The decision may deal a body blow at prohibition, it was said today. Prohibition Commissioner and Internal Revenue Commissioner Williams are studying the decision with a view to determining its effect upon liquor stocks in bond.

**TRANSPORTATION GRANTED.**

In effect the court states that whiskey stored by an owner who acquired it legally and does not hold it for any illegal use may take it out of storage and transport it at any time. In this New York case, it was not made plain whether and owner could move his liquor so stored across state boundaries in interstate commerce.

Transportation in interstate commerce was not involved by facts in this case and no mention of this phase of the matter was made by the court. It is still therefore, a matter for the determination of the internal revenue bureau and the extent to which the decision will allow interstate shipments will not be definitely known unless Commissioner Williams makes known his ruling on the matter.

It was established by the court that ownership of whiskey is a property right enjoyed under the constitution and the view of the court was that nothing in the Volstead law, regardless of the provisions covering this point can take away that right.

**DIFFICULTY ENCOUNTERED.**

Upon that broad ground it was admitted by enforcement officials today that great difficulty would be encountered in any attempt to prevent withdrawals from bonded warehouses of whiskey stocks, represented by legally acquired certificates now outstanding among thousands of individuals.

It is likely officials said today that there will be stiff opposition by the enforcement bureau to any letting down of the bars for indiscriminate withdrawals. But the decision is certain to result in much confusion and overturning of the regulations now in force.

# REPUBLICANS GAIN IN HOUSE; SMALLEST DEMOCRATIC LIST

Democratic Representation Smallest Since Year 1895.

Washington, November 9.—The Republican majority in the House of Representatives was moved up to 182 by the receipt of belated returns showing the election of Republicans in the Third New York and Fourth Oklahoma districts.

The House now stands: Republicans, 308; Democrats, 126. This is the smallest representation of Democrats in the House since the Fifty-Fourth Congress, in 1895.

In the Third New York district, John Kissell defeated the Democratic incumbent, Christian J. McWilliams, and in the Fourth district of Oklahoma, Tom McKeown, Democrat incumbent, was defeated by J. C. Pringle.

The problem of seating the 11 additional Republicans in the Senate is worrying party leaders. There are not enough seats on the Republican side to accommodate the 59 new members, so it has been decided to form a "wedge" on the Democratic side and seat some of the new members over there.

The Senate was just about evenly balanced at the last session with 49 on one side and 47 on the other. The older leaders among the Democrats advocate placing 10 of the new Republican members over on the Democratic side in a section by themselves and dubbing them "the infant class."

# JAMESTOWN MAN SERIOUSLY INJURED IN ACCIDENT IN NEW VIENNA MONDAY

James W. Roberts and Son-In-Law, Okie Spahr, Hurt As Train Crashes Into Auto At Crossing In New Vienna Monday Afternoon.

James W. Roberts, 68, of Jamestown, is in a critical condition at McClellan Hospital here as the result of injuries sustained when the automobile in which he was riding with his son-in-law, Okie Spahr, was struck by a Baltimore and Ohio passenger train at New Vienna at three o'clock Monday afternoon.

Roberts is seriously injured about the head, and had not regained consciousness following the accident up to Tuesday afternoon. His left arm was also broken in the accident and he was bruised and cut. His son-in-law, who was driving the automobile at the time, received only scratches on one leg, and was not seriously hurt.

Relatives of the injured man could not explain the cause of the accident Tuesday afternoon. The crossing at New Vienna is dangerous, the railroad crossing the street right in the center of the village.

Both men were thrown from the machine, which was demolished, and after being given medical attention in New Vienna were brought to the McClellan Hospital here Monday night in an ambulance.

# SOVIET SYSTEM OF SPY AND COURIER CAMPAIGN ELABORATE

Agitators Are Being Sent To This Country It Is Evident.

Rotterdam, Nov. 9.—Determined efforts are being made by agents of the Russian Bolshevik government to send missionaries and agitators to the U. S., according to evidence collected by American diplomatic officials in Europe. The spy and courier system of Moscow government is said to surpass in efficiency and extent that of the German general staff before the outbreak of the Great War. On the list of Soviet secret agents are said to be the names of many men who before 1914 acted as spies for central powers or Russia. Many are already believed to have arrived.

Against this campaign, the U. S. has arrayed its agents and officials at foreign ports. Associated with them in Holland are the Dutch police, who have in their possession documents showing that Lenin, the Soviet leader, looks to Rotterdam as a "world clearing house" for Soviet finance and propaganda.

# MARKET TONE SHOWS BIG IMPROVEMENT

New York, Nov. 9.—Although there was another selling movement against many stocks at the opening of the stock market today, the tone showed pronounced improvement after the start and there were indications that the selling side had been overcrowded and the leading stocks had been accumulated at lower levels by strong interests.

This was particularly the case in the leading railway stocks, Northern Pacific advancing 1-4 to 92. Reading rose 3-4 to 99.

Steady accumulation of steel common by one house was reflected in that stock holding firm, and after a recession of 1-8 to 84-1-8 easily moved to 84-3-4. Baldwin Locomotive shaded off 1-8 to 107 and then advanced to 108-1-4.

Mexican petroleum dropped 1-2 to 175 followed by a rally to 177-1-4. General Motors was heavy, ranging from 1 to 14-3-4, a new low record.

# OHIO WOMEN ARE SUPPORTING ATTEMPT TO PROTECT MOTHERS

Two Million Dollar Appropriation To Be Distributed.

Columbus, O., Nov. 5.—Ohio women are organizing to support a campaign during congress to pass the Sheppard-Towner act which provides for a \$2,000,000 appropriation to be distributed among the various states, according to population, for the protection of maternity and infancy, prevention of deaths in child birth and providing for nursing services to mothers and babies. The act was approved at a conference held here by representatives of the Ohio Federation of Women's Clubs, the W. C. T. U., Ohio Council on Child Welfare, National League of Women Voters, Parent Teachers' Association, Federation of Colored Women, Kings' Daughters, Women's Auxiliary, Brotherhood of Railway Trainmen.

Miss Lucia B. Johnson, secretary of the Ohio Council on Child Welfare, and representing the National League of Women Voters will direct the Ohio campaign. Women's organizations throughout Ohio have been urged to adopt resolutions endorsing the act and to forward copies of the resolutions to Ohio Senators and congressmen.

# ENTIRE TEXAS TOWN WATCHES SENATOR FISH

President-elect Guest Of Point Isabel On Texan Border.  
**LEAVES NOVEMBER 18**  
Will Go To New Orleans and Thence To Panama.

With President-Elect Harding, Point Isabel, Texas, Nov. 9.—President-elect Warren G. Harding today went forth to give battle to tarpon in the waters of the gulf of Mexico. The entire population of this quaint little fishing town in the southernmost point of the United States gathered in wondering amazement on the fishing wharf to watch the party sail and there was considerable conjecture among the Mexican fishermen as to the possible fishing luck of the distinguished visitor.

Point Isabel is still amazed over the presence of the next president and it is the chief subject of conversation while pigs and burros run riot on the town's sleepy streets in celebration of the greatest event Point Isabel has ever known. Senator Harding is quartered in the cottage of R. B. Creager. The remainder of the party, including Senator Elkins and Edward McLean, are in the quaint little hotel, taxing it to capacity.

There is a constant scrambling for water, which is transported daily from Brownsville, 25 miles away. Meals are served in a main dining hall where George Christain, probably the next secretary to the president and other members of the party marvel at the cookery of the swarthy Mexican woman and the innumerable combinations in which they can serve fish and oysters.

**Children Swarm Streets.**

Mexican school children swarmed the streets today, gaily garbed in novel costumes of red, white and blue and bearing arms full of flowers with which they pelted the president-elect at every turn.

The American flag is displayed from every cottage and fishing smack and the colors of the Mexican republic, but six miles distant, are also prominent.

Rival fishermen have contended for the honor of lending their boats to the president-elect but Gov. Hobby of Texas has dispatched a state boat to Point Isabel for the use or the distinguished visitor.

A detachment of United States marines is stationed here and is policing the town.

It was announced today Senator Harding will sail on a United Fruit steamer from New Orleans on Nov. 18 for Panama. He will land at Norfolk on Dec. 4. It is probable that Senator Harding will deliver an address in New Orleans.

This afternoon the president-elect will play golf. Consul Vasquez of Matamoros, Mexico, has extended the courtesy of his country to the party and passports have been issued to all but it is understood that the senator will not cross the border.

Absolutely no business was the order Senator Harding gave and he did not desire to have a newspaper article called to his attention which declared Elihu Root had cabled to Marion last August declaring the League of Nations could not be absolutely abandoned.

# AMERICAN WIFE OF DUKE MARLBOROUGH AWARDED DIVORCE

Was Formerly Miss Counsello Vanderbilt Of New York.

London, Nov. 9.—A decree of divorce was today granted to the duchess of Marlborough, formerly Miss Counsello Vanderbilt of New York. The duke was charged with infidelity. Detectives gave evidence that he occupied a room at the Claridge Hotel in Paris on February 28, last with a woman and that he registered as "Charles Spencer."

Although the case was listed as "defended" the duke offered no defense in the court. The costs of the action were imposed upon the duchess.

The duchess was not in court. A certificate from her physician was read stating that she was too ill to attend. She is now at Nice.

A large and fashionable crowd was on hand when the case was called for trial before Justice Hordidge in the divorce court.

A line of stately limousines deposited their burdens of high society folk at the law courts building and the scene took on the appearance of a brilliant social function. But it was not an affair for the inner circles exclusively. Many women of humbler walks of life sought entrance to hear the details of misallied life among the rich aristocracy. They were deeply disappointed over the absence of the duchess.

**HEART AND HOME PROBLEMS**  
By MRS. ELIZABETH THOMPSON

Dear Mrs. Thompson: Will peroxide kill the roots of fine hair if used constantly for a time? I have a fine growth on my face and am very anxious to get rid of it.

What is good for red hands?  
B. L. A.  
Yes, peroxide has a tendency to kill the roots of hair. You should not worry about the fine growth on your face. Everyone has it.

For red hands have your druggist prepare a lotion of one ounce of glycerine to two of bay rum, twenty drops of carbolic acid and enough perfume to give it a pleasant odor.

Dear Mrs. Thompson: We are two girls of fifteen and sixteen. One of us is in an orphan home, taken from an orphan home, and would like to know how long the people could have control over me and also if I would have to stay with them after I am eighteen.

We are wondering if at the age of eighteen it would be too early to marry.  
ANXIOUS.  
The people where you are staying will have control over you until you are eighteen. After that you will not have to remain with them. Yes, eighteen is too young to marry.

## AMERICAN LEGION OF YELLOW SPRINGS TO CELEBRATE THURSDAY

Elaborate plans to celebrate Armistice Day, Thursday, are being prepared by Edgar Van Kirk Post, American Legion of Yellow Springs.

The Post is sponsoring a big parade of ex-service men in the afternoon, which will start at two o'clock and will end up at the town hall, where Col. Robert Hubler of Dayton, a veteran of the Thirty-Seventh Division will address the gathering.

In the evening there will be an oyster supper followed by a soldier's fair for the benefit of the Post. All ex-soldiers, sailors and marines are invited to take part in the celebration and to attend in uniform if possible.

## ARMISTICE DAY WILL BE CELEBRATED IN MANY COUNTY POINTS

No major celebrations of note have been scheduled for Thursday, Armistice Day, in this city.

There will be plenty of interest going on in the county however, in celebration of the day, when the American doughboys brought the Kaiser to his knees, back on that memorable November 11, 1918.

The first dance of the winter season will be given at the Elk's Home by that lodge in celebration of the day, Hurley's six piece orchestra furnishing the music. The pageant to be given by the local Red Cross Chapter is also scheduled for the Opera House for that night.

Wednesday night, Wilbur H. Thomas Post of the American Legion at Jamestown, will give its annual Armistice Day dance instead of Thursday, in order not to conflict with the affair being given by the Elk's here, Thursday night. Republicans of Spring Valley Township will celebrate the election of Harding, with a parade, band, red lights, speeches and an ox and pig roast. On the same day, Edgar Van Kirk Post of the American Legion at Yellow Springs will celebrate the day, with a parade, and address by Col. Robert Hubler, an oyster supper and soldier fair.

## 'TWIN BEDS' RECEIVES FAVORABLE COMMENT

"Twin Beds" that funniest of all farces, which comes to the Opera House here Nov. 16, and which is playing this week at the Grand theater, in Cincinnati, is meeting with the favor of Cincinnati newspaper critics.

The Cincinnati Enquirer critic reviewed the piece favorably and the Cincinnati Times Star Monday, had this to say of the offering: "Twin Beds" was received at the Grand Opera House on Sunday night by a large and appreciative audience. This farce by Margaret Mayo and William Saulsbury has many good qualities and it remains surprisingly fresh.

Like all farces, much depends on the actors, and this "Twin Beds" is fortunate. R. M. D'Angelo plays the Italian tenor and Zaina Curzon does well in her former role played by Madge Kennedy. The other characters are adequately done.

The company that will present the farce here is the same that is now playing at Cincinnati guarantee of which is given by the Standard Amusement Company, which is bringing the offering to this city.

## CHICAGO SALESMAN KILLED.

Bridgeport, Conn., Nov. 9.—William B. Neff, who lived at the Elk's Club, Chicago, a traveling salesman was killed, and his assistant, Oscar Roskoff, also of that city, was hurt seriously when a trolley car struck a jitney bus. Twenty-three other persons were hurt slightly.

A chance to see her by herself. I just can't give her up, but her folks won't listen to anything. Don't you think they ought to tell me why I can't see her?

I am a poor person and need a little more education than I have to take me through life. Don't you think if I would join the army or navy that it would be about the best thing I could do?

UNCERTAIN.  
Yes, I think the girl's parents should give you a reason why they will not let their daughter see you. Perhaps they think it will hurt your feelings, and by not saying anything, they can spare you. To hurt your feelings would be decidedly better, because it would give you a chance to correct a fault of which you may be unconscious.

I would not advise you to join the army or navy as a means of improving your education. If you believe you would enjoy army and navy life enough to work up in the ranks and amount to something, that is reason for your taking that line of work. You would have to study, however, and read, because education is necessary to success.

## With The Women of Today

It is a strange coincidence that Miss Catherine Flanagan, who was the leader of the women who picketed the White House, should be one of the privileged resulting from universal suffrage, and that President Wilson should be the man to grant her the privilege.

Miss Flanagan was recently made a notary public. The papers making her a bonafide notary were signed by President Wilson. One of her first acts in her new capacity was that of certifying the vote of Miss Alice Paul, chairman of the National Woman's party, who mailed her first vote for president to her home, Moorestown, N. J. It was a day of triumph for both of these women.

**A TALE OF TWO SISTERS.**  
The Graham sisters—Betty and Alice—of Portland, Ore., well known in Washington suffrage circles, got into suffrage work in an odd way. Betty was studying music in New York, when Alice heard a suffrage speech in Portland and became a convert. She immediately proceeded to Washington and got neck deep into the fight. Then one day when a particularly large demonstration was to be held, she wired Betty as follows:

"Betty, dear, you just have to come down here and get into this suffrage work. We need you."

So Betty, who is quite easy to look at, threw her stage work right out.

## RUMORS OF ANOTHER TRAIN FROM DAYTON ADDED ARE RIFE

Reports that a new train over the Pennsylvania Lines from St. Louis to New York City, and passing through Dayton for this city at 10:40 o'clock at night, would be put in operation November 28, could not be verified at the ticket office of that company here.

Announcement of the train, was made in Dayton Monday by E. L. McCole, secretary of the Dayton Chamber of Commerce, who is said to have received word of the new train from F. A. Bauchens, passenger agent at St. Louis. The train is said to be No. 26, which formerly operated over the main line, and Secretary McCole was active in securing it in order to give Dayton patrons better sleeping service to Pittsburgh.

The local ticket agent for the Pennsylvania Lines said Tuesday that he had heard the rumor of the new train, but stated that as yet he had received no verification of the truth of it. In case the train is put in operation, and is provided with a day coach for short service, it would prove an accommodation to Xenia people who attend the theater in Dayton at night.

## WILSON TOWER WILL BE TORN DOWN

The Wilson tower, long a landmark in the principal business corner in Wilmington, is being torn down and removed.

The tower, a huge iron structure, wide at the base and rising high in the air to a point, was lighted at night, but had it not been for a band platform provided a few feet from the ground, the use for the tower would have been a puzzle.

The tower was donated to the city over twenty years ago by the man whose name it bears, and it has since been attracting the attention of every visitor. Its position on the corner of Main and South streets, projecting out into the paved street, helped to congest traffic conditions at the corner, and its removal will no doubt improve the appearance of the intersection.

## NO RELIEF FOR THE THIRSTY SAYS LEAGUE COUNSEL

Washington, Nov. 9.—"The decision of the supreme court that liquors lawfully secured before the Volstead act went into operation, may be possessed in a warehouse and transported to one's residence will not give the relief to the thirsty that was thought."

Wayne D. Wheeler, general counsel of the anti-saloon league, said today. Wheeler said that the decision will make it more difficult to enforce the law and he added that there were several ways left to reach persons who have such liquors for personal use and transport them for illegal purposes.

"As I understand the decision," said Wheeler, "it only applied to liquors which were lawfully possessed in good faith for the owners personal use before the law went into effect. There will not be a large number who can legally take advantage of this."

Wheeler added that the decision furnished an additional reason why the government should take over all of this liquor in bond and in warehouses, concentrate it in a few central points and "dispose of it for legal purposes under the law and return the proceeds to the owners."

It is much better to stop for a few days occasionally and then go back to it only to take it as needed.

**Marion P.**—Wear a brassiere to improve the appearance of a very full

bust; also wear long, straight lines in your frocks, keeping to simplicity. Do not have any frills over the front of your dresses.

**Red vaseline** applied to the roots of the lashes will make them grow. This should be done by using a fine brush and care should be taken so the oil will not get into the eyes, as it will make them smart. I do not know the preparation you mention, but you should be careful about anything that you intend to use on the eyes. Warm, and slightly salted water will strengthen the eyes and you can bathe them much better if you use the regular eye cup than comes for this purpose.

**Marge and Mildred**—The weight of the girl who is five feet five inches should be about 120 pounds and the taller girl should weigh about 125 pounds. I do not know what the article contains that you mention.

**An egg shampoo** is very good for an oily head. Rub the yolk of an egg into the scalp and allow it to remain until it has dried; follow with the usual shampoo, which should be done only with good soaps or reliable preparations that are made from them.

**Dimples**—The size of your heels may be the cause of your ankles enlarging. The medium-sized heel is much better, as the weight of the body is borne evenly all over the foot and most of it goes on the ball of the foot where Nature intended that it should. Dancing should make your ankles more shapely.

**Helen C. T.**—Your scalp probably needs special treatment. If you could go to a professional person for it, it would pay you. However, you can help it by giving it the massage yourself. Purchase some crude oil from the druggist or a paint store, heat it and massage it into the scalp as hot as can be taken. Do this about once in three weeks, cover the head overnight to keep the oil from staining linens. Shampoo next day, using an antiseptic soap. Massage the scalp every night with the finger tips to increase the circulation.

## BLAZE CAUSES BIG DAMAGE TUESDAY

Damage to the extent of \$5,000 was caused by fire which started at 2:20 o'clock Tuesday morning in the D. T. & I. round house, at York street and the Big Four tracks, Springfield.

The blaze is thought to have started from an overheated chimney. The south end of the building was almost completely destroyed and four locomotives escaped serious damage, but a great amount of other equipment was damaged.

The building was new and had just been finished fire destroying the previous structure several years ago.

## WANT GREATER FIRE PROTECTION IN CITY

Following the burning of a house in the Snyder Terrace addition, Springfield, Sunday morning due to alleged inadequate fire protection, residents of the district complained to the city commission of Springfield at Monday night's session, causing action of that body in preparing plans to lay a water main into the district.

It was pointed out that the lack of water supply which hindered fire protection was a menace to life and property. The Springfield City Manager was instructed by the commission to investigate the cost of laying a water main in the district.

## DOMESTIC TROUBLES LEAD TO SHOOTING

Youngstown, O., Nov. 8.—Domestic troubles are said to have led to a series of shooting affairs here during the last 36 hours which resulted in the wounding of five persons, two probably fatally.

Mrs. E. J. Ferguson shot her husband in the abdomen this morning and then walked a block to her home and turned a 45 calibre revolver on herself, firing two shots into her breast above the heart. It is believed both will die. The tragedy is said to have followed a quarrel, the nature of which was not learned.

## FARM BODY WILL CONVENE TUESDAY

Tonight at 6 o'clock, J. H. Lavimore, publicity director of the Ohio farm bureau, will entertain at dinner at the Southern visiting publicity men, editors of agricultural papers and local newspaper men.

Tomorrow at noon the conference visitors will visit Ohio State University.

## WILSON BEGINS WORK ON CONGRESS SPEECH

Washington, November 9.—President Wilson has begun work on his annual message to Congress.

White House officials said they had no information as to what recommendations the President plans to make, but administration officers expect that he will again urge enactment of a number of reconstruction measures which he recommended at

the first special session of the present Congress last year.

The President will receive this week three Latin-American diplomats. They are Emilio Joubert, Minister from San Domingo; Dr. Julio Bianchi, Minister from Guatemala, and Dr. Octavio Beeche, Minister from Costa Rica.

## ARNSTEIN RELEASE ORDERED BY COURT

Washington, Nov. 9.—Reversing the Federal District Court, the Supreme Court ordered the release of Jules W. ("Nicky") Arnstein, who has been imprisoned in New York since August 16 on charges of contempt following his refusal to answer questions at a bankruptcy hearing.

Arnstein's name has been mentioned in connection with operations of an alleged "ring" of bond thieves in New York.

Arnstein in his appeal to the Supreme Court, contended he was within his rights in refusing to answer questions, which he considered might tend to criminate him, and maintained that he had waived no constitutional rights in filing schedules in bankruptcy in accordance with another order of the New York courts.

## DEMOCRATS TO START 1924 CAMPAIGN

Marietta, O., Nov. 8.—The Democratic party's campaign to recapture the national administration in 1924 will begin immediately on an intensive scale, continuing without abatement until next presidential election day, George White, chairman of the Democratic national committee said today in discussing the party's future. ### THE IRON DOLLAR

In olden days, with one round dollar I could buy! And then I'd stand around a basket with his junk, and he would say, "I'd that all this costs you but a plunk." And to toddle, and buy a soupbone for a dime, and mer-yodel as she brewed consomme sublime. And haberdasher's a dollar bought a gaudy shirt; potato mashers and other hardware cheap as di-days, when one round dollar would buy a wagon! And now I know of nothing smaller, when I go sho-buck. And in those days that I'm regretting, whe-all kinds of ice, I knew the depths of grief and fret-bought things and paid the price. I often wring my wonder what made me rear and paw and roar, when I a ton of plunder for ninety cents, or two cents more. This necessitates the Jr. and Sr. High starting at 7:30 a. m. Parents are urged to have pupils at school on time, as the limited time makes each moment lost by a pupil a greater draw back against advancement than ever before.

## The Brunswick Method of Reproduction

## Judge by the Tone

—that is the way to select a phonograph

ALL makes of phonographs are not alike. Phonographs differ because of different methods of reproduction. Each make has its method.

But time has brought many advancements. New-day phonographs bring all that is best.

The House of Brunswick has introduced several dominant betterments. First came the Ultona, our all-record reproducer. It brought a phonograph that would play all records at their best. Previously, each phonograph favored only its own make of records. That meant limitations or bothersome attachments to the record.

At a turn of the hand the Ultona presents the proper needle, the proper diaphragm. No makeshift attachments are necessary, no compromises in tone results. The Ultona brings out all the shadings of reproduction for transmittal to the amplifier.

Here, again, is a new conception. We introduced an all-wood, moulded, oval amplifier, connecting directly with the tone arm, with no cast metal throat between.

This brings full tones, non-metallic. It conforms with acoustic laws. It brings a new naturalness, greater reality. Our aim is for finest tone.

So we ask you to hear The Brunswick first—before you decide. You'll recognize instantly its betterments. Your idea of tone will change. You will realize that great advancements have taken place.

We suggest also that you hear Brunswick Records, which likewise bring improvements. You'll want to add some to your collection. Brunswick Records can be played on any phonograph with steel or fibre needle.

OFFICIAL FIGURES  
ON ELECTION ARE  
NOW MADE PUBLIC

Official totals cast in Greene County on all candidates before the election last Tuesday, were finally compiled and sent to the Secretary of State's office late Monday.

The official figures show that R. L. Gowdy's majority over Judge C. H. Kyle for the Common Pleas Court bench, is actually 123 votes instead of a majority of 211, as was at first thought. On the vote for the presidential electors, O. E. Bradfute, an elector for James M. Cox, ran ahead of the rest of the electors, which shows that some voters split their electoral votes in favor of the Greene County man. The vote for Bradfute for elector was 4,016 while the rest of the electors polled an average of 3980, while the Republican electoral vote was 8,600, the Socialist 166 and the Single Tax 7.

**Gets 28 Eggs A Day  
Now, From 34 Hens**

C. C. White, Well-Known Breeder,  
Tells How. Costs Nothing to Try.

"I gave Don Sung to 34 utility Buff Orpingtons and the egg yield increased from 25 to 28 a day. Don Sung is a wonder and I am now giving it to all my hens regularly."—Chas. C. White, Mgr. Cherry Hill Farm, Pickering, Ohio.

Mr. White is the well known breeder and exhibitor. He wrote the above letter in December, after his test had shown a gain of 21 eggs a day from 34 hens. We will make you the same we made him. Here it is: your hens Don Sung and watch for one month. If you don't find that it for itself and pays you a good bonus, simply tell us and your will be cheerfully refunded.

Don Sung (Chinese for egg-laying) is a tonic and conditioner. It is easily given in the feed, improves the hen's health and makes her stronger and more active. It tones up the egg-laying organs, and gets the eggs, no matter how cold or wet the weather.

Don Sung can be obtained promptly from your druggist or poultry remedy dealer, or send \$1.25 (includes war tax) for a package by mail prepaid. Burrell-Druggist Co., 214 Columbia Bldg., Indianapolis, Ind.

## RECIPES FOR A DAY

**Stuffed Peppers**—Stuff four large green peppers with mixture of one-half pound round steak, two tablespoons uncooked rice, one small chopped onion, salt and pepper to taste. Cook slowly for two or three hours in sauce made of one small can tomato soup with an equal amount of water.

**Apple Pudding**—Quarter two large apples and cook till partly done. Add sugar and pour over them a batter made from one-half cup flour, one heaping teaspoon butter, one teaspoon baking powder and one-half cup milk. Bake in hot oven. Serve with cream.

**Perfection Salad**—Dissolve one-half package of lemon jello in one cup boiling water. When ready to harden, stir in one-half cup diced cucumber, one-half cup shredded cabbage, one-half cup diced celery and a little shredded sweet pepper. Serve with oil dressing, when chilled. This salad can also be made with any other vegetables which one happens to have on hand.

**Baked Ham**—Stick a number of whole cloves into a nice, large ham, place into the roaster, cover plentifully with brown sugar, add about two cups hot water and bake until tender. This makes a particularly juicy and savory ham. Can be used sliced cold for other meals as a variation.

**Peach Tomato Conserve**—One-

third tomatoes to two-thirds of peaches; in other words, two peaches to every one tomato. Peel tomatoes and cook long enough to press through sieve, then peel the peaches and put through food grinder. Put the strained tomatoes and the ground peaches together and measure one cup of sugar to every cup of pulp. Cook down until thick. Seal in jelly glasses.

## HAVE YOU HEARD OF THESE?

**Sweet Potato Pie**—One and one-half cups hot mashed sweet potatoes, one-half cup sugar, three-quarters cup hot milk, two tablespoons butter, grated nutmeg, lemon juice, two eggs. Mash the boiled potatoes while hot and add to them the beaten yolks of eggs and the hot milk, sugar, grating of nutmeg and a few drops of lemon juice. Finally fold in the stiffly beaten whites of eggs. Pour into the pie crust and bake in hot oven.

**Sweet Potato Nut Loaf**—One cup dry bread crumbs, one and one-half cups chopped nut meats (any kind), four cups mashed sweet potatoes, one egg (well beaten), one-half cup butter or butter substitute, one and one-half teaspoon salt, one-half teaspoon pepper.

Thoroughly oil a small bread pan with butter or butter substitute, then dust it thickly with three-quarters cup of the crumbs mixed with one-half cup of the nuts. Then beat together the potatoes, remaining nut meats, the egg, the fat and seasonings, and pack in the bread pan. Cover the top with the crumbs and nuts mixed, and bake for thirty minutes in a hot oven, 375 degrees F. Let stand a few moments, then unmold and serve with a nut sauce.

**Window boxes**, when they are used in place of refrigerators, should be cleaned as carefully. Because of the fact that the sun may beat on them for a portion of the day, the temperature will vary and food spoil more quickly than they would when kept in the refrigerator.

## MOTORISTS

Battery manufacturers estimate that the average car owner gets about two thirds of the service and life of which his battery is capable. One reason is that the owner does not

form regular habits with regard to battery care. He will add water every week, as the directions say, but they are sure to become apparent after a while. The only way to keep any battery in shape to give all the service it is capable of, is to add water at regular intervals. Then it

BY JANE PHELPS

## A Surprise That Meant A Sacrifice

Chapter 8  
We had never failed to attend church. Dick had been brought up to do so as well as I. Sunday morning we went as usual. It was a lovely morning, crisp and bright, the middle of September. Dick was in good humor and the walk had cheered me, although I had slept little because of my worry over the debts.

The sermon was on the duties of one to another, especially of husbands and wives. The Reverend Dr. Church next Sunday even if I am Smathers spoke particularly of this—how a wife should hold up her husband's hands, help him by being thrifty, economical and so forth. I thought him prosy and uninteresting. I was in no mood to hear such a discourse. Almost the entire sermon, it seemed to me, had to do with wives not running into debt, and helping their husbands save for sickness and old age. It was the only part that caught my attention at least.

Dick seemed absorbed. I tried to catch his eye once or twice and couldn't. Going home he said: "That was a dandy sermon, wasn't it? The Doctor hit the nail on the head every time. Of course all women aren't extravagant. But I'll bet a nickel there were lots of them there that are, and that run their husbands into debt."

Not all women are such good little managers as you are, Nan. He is a wonderful preacher. He takes the homely things of life, the things we really need to be helped about, and then he drives them home with such simple illustrations one can't forget."

"I was bored to death!" I replied. "I don't see why you rave so over

that stupid sermon. It was all so so intolerably stupid. We don't dress to get to church Sunday to hear about saving money and keeping out of debt. We suppose we are to hear something worth listening to. Then, to, we're only one life to live and what's the use scrimping and going without everything so that sometime in the dim future we will have what we may never need. When that time comes we may be dead! I was so disgusted. I don't think I shall go to church next Sunday even if I am Smathers."

I surely won't if he's going to repeat such nonsense. And don't let me talk about that stuff he said this morning. I hate to be bored."

Always back of my outward consciousness there was a feeling that it was Dick's fault we hadn't more money—that he was so cautious, so careful, that it was his fault I had run in debt, that he might make more and then it wouldn't be necessary. Someway the sermon had emphasized that feeling.

"Don't say you won't go to church with me, Nan. We go out together so little, and I thoroughly enjoy Doctor Smathers's sermons. They are so bull's sense."

"Whose fault is it we don't go out oftener. I'm sure I'd like to go out somewhere every night. But you always say we can't afford to go often. And please don't be prosy. I've had enough for one day."

"All right, Nan! Mum's the word!" giving in to me as he always did at this time no matter how unreasonable I was.

But that sermon had made a great impression upon him and once while we were getting dinner—he helped

me—and again later in the evening he referred to it. I pretended not to hear and so did not have to discuss it.

"I've deceived you, Dear," he said tasingly. "Deceived me what about? Are you earning more than you told me? Have you had your salary raised? My mind was so on money that I jumped quickly to the conclusion that it must be in some such way."

"No, Dear. I would not deceive you about anything like that. I never shall. You married me for better or for worse. If the worse comes we will bear it together—but if I can help it, it never will come."

"What is it then? Tell me quickly? You remember the other day when we talked of how nice it would be to have your Mother here now, I said we couldn't possibly manage it—her fare. Well, I have sent for her telegraphed yesterday. Does that please you?"

"Please me! You dear old thing!" I jumped up and hugged him frantically. "But how in the world can you manage it?"

"I figured the \$200 will pay all our necessary expenses, maybe a little over. So I shall give up smoking all but one pipe after dinner. That will pay her way here—I figured what it cost me for two months."

"Oh, I am so glad to have Mother!" It was only natural I should feel as I did yet as I look back I see how ungrateful I was to take Dick's unselfishness for granted as I did. I hardly even thanked him. Tomorrow—Richard, Jr. Arrives

over, you can be certain that you are giving it the proper treatment to prolong its life.

Howdy from New Orleans, Pete!

Say, old clock, you've got the time—maybe you'd like to hear this one! As we were rolling into New Orleans yesterday one of the men in the club car was recounting his cigarette experiences; how he finally pulled a trick on his luck and got set right!

"Well—I've had my cigarette lesson," continued the traveller, "I went up and down the line on cigarettes until I got hold of Camels and got deep into their quality and mildness and delightful flavor! There never was a blend such as Camels combination of choice Turkish and choice Domestic tobaccos! I'll say it—Camels taught me what a cigarette should be and they'll teach any man who smokes!"

Thanks I to myself—"Sic 'em, judge, every word you spill is a sentence!"

Now Pete, that's the kind of Camel Thanks-giving stuff you get north, east, south, west and through the middle! That's all as true as that little sheep will wag their tails!

I did some tall thinking as I browsed through the quaint old French quarter this evening—how universal the appeal of Camel Cigarettes really is! Figure the travelling I've done and the people I've met—each city different from the other—AND Camels have been the ONE cigarette to be found everywhere—and the cigarette most smoked at each point! Pete, old backstop, it's wonderful the way folks are sliding home to Camels!

Dallas, Texas, for me!

Yours Shorty.
